If you require further information, please contact us.

Investment objective and policy

The Fund aims to achieve capital growth over the long term (at least five years).

The Fund invests in shares of companies based in or where the majority of their activities take place in India, Pakistan, Sri Lanka or Bangladesh and that are listed on exchanges worldwide. The Fund invests in shares of high quality companies which are positioned to contribute to, and benefit from, sustainable development.

Investment decisions around high quality companies are based on three key points: (i) Quality of management. (ii) Quality of the company including its social usefulness, their environmental impacts and efficiency and responsible business practices. (iii) Quality of the company's finances and their financial performance. Sustainability is a key part of the approach.

The Fund may invest up to 10% in other funds. The Fund will only use derivatives to reduce risk or to manage the Fund more efficiently in limited cases.

Important Environmental, Social and Governance Information

The information below is environmental, social and governance (ESG) information which may help you to consider your investment in this fund from an ESG perspective. It is provided for information only. Any decision which you may take to invest money should take into account all aspects of the fund, more information on which can be found in our prospectus, which is on our website [here](#), and your investment needs.

ESG Portfolio Metrics	Portfolio	Benchmark
Portfolio Carbon Footprint* (tCO ₂ e/USD m invested)	4.8	226.3
Portfolio Carbon Intensity** (tCO ₂ e/USD m revenue)	26.8	594.5
Board Gender Diversity (average %)	22.6	20.3

Portfolio Carbon Footprint measures the sum of emissions of all investee companies at a portfolio level proportionally, based on how much of the investee companies' activities are financed by the investment manager. It is measured in tonnes of carbon dioxide equivalent (tCO₂e) per million invested.

Portfolio Carbon Intensity measures a portfolio's exposure to carbon-intensive companies, weighted by percentage exposure to each company. It is measured in tonnes of carbon dioxide equivalent (tCO₂e) per million revenue.

Board Gender Diversity represents the average ratio of female to male board members in investee companies, taking into account the relative importance of each company in the investment portfolio.

Top 5 Contributors to Emissions by Carbon Intensity

Company Name	Contribution (tCO ₂ /USD million revenue)
Indian Hotels (IHCL)	7.4
Tube Investments	2.6
KEI Industries	2.5
Bharti Airtel Ltd.	2.0
Triveni Turbines	1.8

* For emissions (footprint) reporting we have used the Partnership for Carbon Accounting Financials (PCAF) methodology which calculates an investor's share of scope 1 and 2 emissions for each company it invests in. Scope 1 covers all direct greenhouse gas (GHG) emissions from sources that are owned or controlled by the reporting entity. Scope 2 covers indirect GHG emissions from the consumption of purchased electricity, heat or steam. An investor's share is based on the amount invested over the Enterprise Value including Cash (EVIC). EVIC is the sum of total outstanding shares plus total outstanding debt, including cash. For example if an investor holds 10% of the company's EVIC, it is allocated 10% of the company's emissions. For investors this is sometimes called 'financed' emissions. To calculate the benchmark comparisons we have used the same approach by assuming benchmarks hold the same total value of investments as comparable strategies. We provide the total footprint, which is influenced the size of the total value of the investment strategy (shown in tonnes of CO₂-e) and on a 'per 1 million invested' basis, which is useful for comparison purposes.

** Carbon intensity is calculated as the weighted average of Scope 1 and 2 emissions per million of revenue of investee companies. The measure is commonly used to assess the carbon efficiency of an investment portfolio, however, there are many factors (e.g. commodity prices, currencies etc) that will influence company revenues and consequently its carbon intensity by revenues. The measure is most useful for companies in the same industry that generate revenues in the same currency. For most companies an activity or output based intensity measure is a better indicator of efficiency, however, this data is not commonly available.

Stewart Investors Indian Subcontinent All Cap Fund Class B GBP

a subfund of First Sentier Investors ICVC (the Company) – Fund Factsheet

28 February 2026

The value of investments and any income from them may go down as well as up and is not guaranteed. Investors may get back significantly less than the original amount invested.

The Fund may experience the following risks:

Currency risk: The Fund invests in assets which are denominated in other currencies; changes in exchange rates will affect the value of the Fund and could create losses. Currency control decisions made by governments could affect the value of the Fund's investments and could cause the Fund to defer or suspend redemptions of its shares.

Single country / specific region risk: investing in a single country or specific region may be riskier than investing in a number of different countries or regions. Investing in a larger number of countries or regions helps spread risk.

Indian subcontinent risk: although India has seen rapid economic and structural development, investing there may still involve increased risks of political and governmental intervention, potentially limitations on the allocation of the Fund's capital, and legal, regulatory, economic and other risks including greater liquidity risk, restrictions on investment or transfer of assets, failed/delayed settlement and difficulties valuing securities.

For further information on risks, please refer to the Risk Factors section in the Company prospectus.

Investment should be made on the basis of the Prospectus and Key Investor Information Document. If you are in any doubt as to the suitability of any of our funds for your investment needs, please seek independent financial advice.
